This affordable treadmill is durable enough and entertaining enough to satisfy the vast majority of serious walkers and joggers. The console's 6" window is readable from any trainee's height and displays a constant stream of exercise data. The treadmill folds vertically to save space. The T 5.7 has a 2.5 CHP Dur X motor, which is equivalent to motors rated 2.75 HP. Dual Shox cushioning gives you a smooth workout that protects your joints. Easy to read backlit display--the statistics you need to track your routines. A 10% incline can be adjusted electronically at any time during workouts. This has been indoors and used very little. Five years old.

Pick up only. \$500
